Ask a Volcanologist desk

Everything you always wanted to know about volcanoes... answered by our experts:

Dr Carmen Solana, Dr Peter Rowley, Dr Derek Rust, Dr. Dean Bullen, Dr. Phil Benson & Dr. Richard Teeuw.

Volcano selfie board

Always wanted to visit a volcano but have not got around it yet? Take a cool selfie with a volcano background, and with some volcanological equipment, use it for your profile facebook/whatsapp or send it to your friends and wait for the explosive reaction!

Activities for the little ones- and not so little- throughout the evening

For the little ones: Find the archaeological treasures

What treasures are hiding under the volcanic ash? Try to find them in our archaeology table

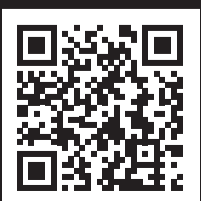

For the little ones: Sink the pumice

Can you make these volcanic rocks sink in the water tank? We bet that you can not!!

For the little ones: Home-made mini eruptions

Practice producing your own eruption and take home the recipe!!

European Volcanoes Night is born from an original idea of the City of Fuencaliente (La Palma, Canary Islands)
